

Penhill Saggy Stone Hike

Klaas and I just wanted to say a big thank you to everyone who joined us on the outing!
It was good fun! A happy bunch! Good company and time well spent!

Being a year older, I have realised I will have to change my description of the hike!

“The steep up hill near the beginning” remains relevant! Still do-able!

But the “steep zig-zag down at the end” has now become the deciding factor, as to if we can do it or not!!!

I remember Frans Krige saying “when you build a track, it must be friendly on old knees”!!! Those are probably the ones who’ll use it most!

First steep ascent, luckily at the beginning

Ready to roll after a short rest

Happy Hikers

Lounger laid on at the bottom

Group at Saggy Stone

Keep those boots a-walking!

Kind regards,
Klaas and Bev
